## **Positioning**

Positioning is the first and most important aspect of successful marketing. Let the team at nSymbio help guide your ideas in the right direction and establish a strong foundation to build on.

## **Design**

From B2B to DTC and the synergy between, it is important that you communicate effectively with your clients, both potential and existing. nSymbio provides effective design that will enhance your influence.

## **Trade Show/ Presentation Materials**

nSymbio can help you prepare for a trade show with an array of products. Including, yet not limited to: custom power point templates posters and stands, stationery, brochures, ID cards, speaker notes, hand outs and CDs.

## **Digital Printing**

Market with speed and efficiency in a cost effective manner. Variable Data Printing (VDP) and Print On Demand (POD) is a revolution in marketing power. (See *Indigo Digital Printing Brochure*)

## **Mailing Services**

We can take care of all your fulfilment and distribution needs. nSymbio can fully manage your direct mail campaigns so you can focus on what is important, your business.

## **Large Format Printing**

High quality prints for banners, posters, signs, artwork, trade show pieces and any other application that requires printing in large sizes is accomplished in house. And guess what, we can laminate, mount and frame it for you too.

## **Printed Premiums**

Customize stationery and other fun products with your company logo. Use these items around the office with pride, or send them to clients to build a positive relationship.

## **CD/DVD Media Duplication**

If you have a lot of information, content, or a virtual demonstration, handing out optical discs with your data is a great solution. nSymbio is able to duplicate your discs at a cost effective rate to ensure that no potential client is lost.

## **Bound Books**

Able to hold all of the extensive product and company information that a Biotech company produces, a bound book is a must for annual reports, research information and important business contacts.

## **Commercial Printing**

Business cards, letterheads, stationery, forms and *all* other printed media are offered with the highest quality at cost effective rates. Take advantage of economy of volumes.
